

Florida International University – FALL 2015

BRAZILIAN CULTURE CLUB

Portuguese Program, Department of Modern Languages

Welcome to our BATE PAPO (CONVERSATION GROUP)

The mission of this group is to provide students who are taking Portuguese, or students who like and/or have interest in the language, with the opportunity of practicing the language in a situation of conversation. All students are welcome.

The main objective of the group is to help students to develop your oral communication skills, develop vocabulary, and learn about the culture of the Portuguese-speaking countries. By the end of the semester, we expect the students to advance in their fluency of Portuguese, and to communicate more comfortably.

The meetings will be conducted by our Fulbright Language Teacher Assistant, Marcella Iole. All participations will result in credits for the participants.

The group meets every Mondays, from 3:45 to 4:45 pm, at the
CENTER FOR THE ACADEMIC SUCCESS – ROOM GL 154

Prof. Augusta Vono – Portuguese Program Director – vonoa@fiu.edu
